#### “TDN: Go Into The World And Jamaica”

Many Outreach teams in America acquiesce the same problem trying to minister to this unique but complicated country. The whole world has many times disobeyed God and His wrath is upon us. Because we choose to put trivial things ahead of God we sometimes suffer acutely for not following His ways. Jamaica, a poor country, needs many missionaries ministering abroad to spread the gripping power of Gods

Love. This can only be done when we mass together to bring that mountain moving faith the Bible so often talk about (John 3:16). Brothers and Sisters from Jamaica who know the Lord understand the tough situations God has to let us feel in order for love to be released from the empty picture that was once empty and now is filled (Eph 5:18). What if God called you to leave everything and go to Jamaica? Would you go?

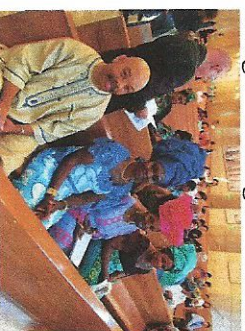

#### In Crime and Drugs.

Because God is not like we are (Num 23:19) He completely has a different approach to the many facets of life we often take for granted (Isaiah 42:4). To our surprise, God has never failed from beginning until now but there are those that question Gods motives and integrity. When things don't satisfy our lust for power or fame we simply blame God. Even in Jamaica, there are those that doubt God so they resort to drugs for relief when we have been taught that man ought to always

#### “Can Anywhere Be Off Limits?”

The Spirit of the Lord speaketh expressly. To our surprise the spiritual society has continually grown in Jamaica. We see how Jesus is dealing with disobedience in the Islands and we keep making the same mistakes so says God the Almighty. After the creation of mankind man started to sin and never regained his thirst for obedience to God. Jamaica's repeated attacks can only come from one source, their rambunctious love of the temptation of the spirits. With Gods grace and Mercy we can do all things through Christ.

#### “Today Outreaches In Jamaica Are Thriving”

When God entices and withdraws He is teaching us to become frugal with the time we have in existence. His promises are yea and amen (2 Cor 1:19-20). Their want to be self-governed, Jamaica has stood the test of time and still has more progress to make. God is allowing some outreach teams to spread the word of God through a balanced commitment of teaching the Finished Work gospel that will touch the hearts of many in Jamaica and other islands with great commitment of scripture. Not just the knowledge of the truth but the truth of the knowledge (2 Cor 3:5). Let us all pray for the little Island of Jamaica.
